

Healing Session with Essential Oils

You have been gifted a **Raindrop Technique** session with Susie Beiler

Call 267-307-4224 or email susiebeiler@hotmail.com to schedule your session.

What to expect:

Sessions last up to 90 minutes.

Please drink lots of water before and after your session to make your experience the most effective.

I will be working on your feet and back using essential oils. For most people this is a very pleasant experience. However, if you have sensitive skin or if you release a lot of toxins during your session, you may feel a burning sensation on your skin. In this case, I will dilute the oils for you.

People have a wide variety of experiences while in session. {Read testimonials- www.susiebeiler.com/testimonials } I encourage you to come with an open mind and heart to get the most out of your experience. Come with an intention of what you want to get out of the session. We will spend the first few minutes of your session getting to know each other. I will answer any questions you may have and listen to your concerns about what you would like to heal in your life. You will then lie face up on the table as I work on your feet. After your feet, I will apply the oils to your back as you lie face down. I will then put a hot towel on your back for a few minutes. After you get off the table, we will talk together about your experience.

*Please let me know if you have any back, neck, or shoulder injuries.
